~~2/26/83~~

We need to do ~~by~~ by 3/2/83, a preliminary enforcement assessment for this site + need to address the following issues.

(1) Can we prove an imminent + substantial endangerment?

(2) Do we know any responsible parties with enough money to pay for a clean-up?

(3) Do we have evidence against those parties?

(4) Do we have some idea of what kind of cleanup is necessary?
